I found out after I got back that Craig was planning to attend. I was counting on someone from the Department being at the meeting since I have a conflict and would not have been able to be there. It was good to visit with you last week. I look forward to more actively sharing freight-related transportation information and insights with our neighbors to the north. Also hope that together we can assist in moving the NASCO NAFTRACS project forward and in a direction that will, in future years, provide tangible benefits to those doing trade-related business in both our states.

Dale. It was good to met you in Ft Worth. As a follow up to your interest in our Freight advisory Committee; I see that Craig O'Riley is coming up to our MFAC meeting on Friday. You may want to coordinate with him. You are both welcome to join us.

Cecil L. Selness

John,

I plan to attend the meeting on Friday. I have a room at the motel and
plan on driving there Thurs afternoon.

Craig O

John,

We are interested in learning more about your freight Advisory Committee. Please let me know date of the next scheduled meeting. There's some interest in attending.

Thanks,

Craig O'Riley
