As I look at the invitation closer, Tiffany is in Winnipeg, just as she came to Minnesota, to drum up support for NASCO.

The invitation is written for the development community in Manitoba.

We were invited but I don't think we would do anything except show the flag and hear what they are doing about NAFTRACS,

I don't feel compelled to have someone there. I did not expect someone from Manitoba to come to Minnesota when we had our meetings.

I will email Tiffany and ask for an update on deployment of the NAFTRACS project. It would be good to keep up on the deployment incase it catches hold and there is a benefit for us.

That's up to you. Ray doesn't have much background but he could show the flag if you want to do that.

I don't think we need to show the flag for NASCO. I do like to keep connection with the folks in

Winnipeg. Do they want us to show?

Bill and Dave Christianson are gone as well, I can't think of anyone else.
